Important Ceremony Information

Day-Of Coordination

Wedding planners and day-of coordinators help facilitate everything from vendor contracts to load-in and load-out times, to creating a day-of timeline that keeps everyone on schedule for the big day.

Hiring a planner or coordinator is highly recommended as this service is not provided by Gore Mountain or your sales representative.

Day-of coordination not in the budget? Call on a responsible, trusted friend to handle a few important tasks, such as managing the timeline, putting out escort cards and menus, or coordinating with your vendors.

Backup Locations

Getting married under sunny blue skies is of course a dream, however, sometimes rain showers or chilly, windy weather is the reality.

One common solution is the rent a tent. A tent provides you with outdoor surroundings with plenty of coverage from the elements. Our team will coordinate with the rental company of your choice to ensure a smooth setup for the event.

Use of the Tannery Banquet Hall as a backup ceremony location is free of charge. However, this means Tannery will have the existing furniture set up. If you would like to rent the space with your desired setup, please talk to our sales team about getting a quote.

Who makes the decision to utilize the backup space?

The bride and groom are responsible for making that decision- unless there are thunderstorms or other severe weather deemed unsafe to run the lift in.

When does the decision need to be made?

To ensure staffing and proper setup, brides and grooms will need to decide if they will be utilizing the backup location at least 4 hours in advance.

Keep in mind...

Summer rain showers can move out just as quickly as they move in. If possible, we highly recommend planning 30 minutes of flexible time in case the ceremony time needs to be adjusted to accommodate the weather. We also recommend having umbrellas available for guests to use if there is a mild weather event and getting married outside is important to you!

Questions and Answers

How do I hold a date?

Our Wedding Sales Manager will issue a Letter of Intent once your date has been selected. Once the contract is issued, a \$250.00 non-refundable deposit is due and a deposit schedule is calculated. The full amount is due 30 days prior to your special day.

What if the weather does not cooperate for my mountaintop ceremony?

We like to think that the sun always shines for Gore Mountain, however we always hold a backup space indoors in case it does not. We will also try our very best to accommodate minor timeline changes in hopes of getting your “I do”s overlooking the mountains.

Do you require use of a planner or coordinator?

No, however we recommend a day-of coordinator if you haven't appointed someone to handle place card, centerpieces, seating charts, and other day-of set up. Keep in mind that the wedding party is responsible for set up and tear down of your personal items.

Is there a time limit for the wedding reception?

Our wedding packages are built around a 4-hour time frame. Additional time can be added to your rental. Ask your sales manager about extending or adding an event.

What is the maximum number the venue can hold?

The Tannery Banquet Room can accommodate up to 250 people with a sit-down menu and dance floor.

Would we be able to have a rehearsal dinner, welcome reception, and brunch here?

Yes! We have so many possible locations for each event here and we would be happy to help you find the right one for any type of occasion!

Is there an additional rental fee?

Our wedding packages include taxes, service charges, and reception room rentals. Fees for an on-site ceremony, rehearsal dinner, or post-wedding breakfast are additional.
