

Protecting Customers Against Fraudulent Sales Notice

Thank you for being part of the skiing community – please help the Olympic Regional Development Authority prevent its customers against fraud. This notice serves as a precautionary message to protect our guests from purchasing fraudulent tickets from third-party websites to the following Ski Venues:

- **Belleayre Mountain**
- **Gore Mountain**
- **Whiteface Mountain**

Be Aware

There are fraudulent sites and individuals out there communicating that they can sell you discounted tickets. Do not purchase any discounted lift tickets from an unauthorized 3rd party site or communications to the general public. These scammers are soliciting individuals by requesting your name, information, and credit card number and then selling you fraudulent tickets. They are hitting up social channels like snap chat. Your credit card information could be confiscated, and/ or you may be sold fraudulent lift tickets.

How You Can Help

If you run into anyone offering to sell you discounted lift tickets – please take note of any information available. Do NOT give them your credit card number. If you can snap a picture of the ad – or are able to get a hold of an e-mail address, please send any information to our Corporate Headquarters at info@orda.org.
