Offerer Disclosure of Prior Non-Responsibility Determinations

Background:

New York State Finance Law §139-k(2) obligates a Governmental Entity to obtain specific information regarding prior non-responsibility determinations with respect to State Finance Law §139-j. This information must be collected in addition to the information that is separately obtained pursuant to State Finance Law §163(9). In accordance with State Finance Law §139-k, an Offerer must be asked to disclose whether there has been a finding of non-responsibility made within the previous four (4) years by any Governmental Entity due to: (a) a violation of State Finance Law §139-j or (b) the intentional provision of false or incomplete information to a Governmental Entity. The terms "Offerer" and "Governmental Entity" are defined in State Finance Law § 139-k(1). State Finance Law §139-j sets forth detailed requirements about the restrictions on Contacts during the procurement process. A violation of State Finance Law §139-j includes, but is not limited to, an impermissible Contact during the restricted period (for example, contacting a person or entity other than the designated contact person, when such contact does not fall within one of the exemptions).

As part of its responsibility determination, State Finance Law §139-k(3) mandates consideration of whether an Offerer fails to timely disclose accurate or complete information regarding the above non-responsibility determination. In accordance with law, no Procurement Contract shall be awarded to any Offerer that fails to timely disclose accurate or complete information under this section, unless a finding is made that the award of the Procurement Contract to the Offerer is necessary to protect public property or public health safety, and that the Offerer is the only source capable of supplying the required Article of Procurement within the necessary timeframe. See State Finance Law §§139-j (10)(b) and 139-k(3).

Instructions:

ORDA's Office of Environmental Planning and Construction includes this disclosure request regarding prior non-responsibility determinations in accordance with State Finance Law §139-k in its solicitation of proposals or bid documents or specifications or contract documents, as applicable, for procurement contracts. The attached form is to be completed and submitted by the individual or entity seeking to enter into a Procurement Contract, Supplement or Change Order. It shall be submitted to the Office of Environmental Planning and Construction.

This document must accompany each Bid Form, Letter of Interest, or Proposal submitted by an offerer and will be required for any contract amendments over \$15,000. This document must also accompany each Emergency Contract Bid Form.

A late bid will be considered if: (1) its arrival at the place designated after the time specified can be shown by documentary or other proofs to be due to mishandling by ORDA and (2) that absent such mishandling, the bid would have arrived timely. Delays in the mail or any other means of transmittal, including couriers or agents of the State, other than employees of ORDA, will not suffice to excuse late arrival.

6.4. A late bid not eligible for consideration will be returned unopened with notification of the reason for its refusal.

7.1 Bid modifications by amendment will only be considered on condition that: (1) the amendment is received before the time specified, and at the place designated for receipt of bids, (2) the amendment is in writing and executed by a principal of the bidder firm, and (3) the bid, as amended, conforms in all respects with the Contract Documents. The request must be submitted via certified or registered mail to the address to which the bid was directed. OEPC may conduct or have conducted on the bidder’s behalf a fact-finding proceeding to develop information concerning the request for withdrawal. A request for withdrawal of a bid made after the specified number of days allowed shall result in automatic forfeiture of the bid security.
- 8.3. Following a timely request for withdrawal of a bid, the Bid Security will be returned if the bidder establishes by credible evidence, including original documents when requested, the following:
- 8.3.1. An error, clerical as opposed to judgmental in nature and verifiable by written evidence, occurred in the computation of the bid,
 - 8.3.2. The error constitutes either an unintentional and substantial computational error or an unintentional omission of a substantial quantity of labor and/or material from the final bid computation,
 - 8.3.3. The absence of gross negligence in the preparation of the bid. For the purposes of this subparagraph, gross negligence may include,

- 8.3.5. Once a request to withdraw is made, the bidder is ineligible for award. OEPC shall continue to progress the award process considering only the remaining bids.
- 8.4. A bidder may withdraw its bid if no award is made within sixty (60) days after the receipt of bids. A written notice must be submitted via certified or registered mail to the address in Section 3.3 of these Instructions to Bidders prior to approval of the contract by ORDA. The notice must clearly state that the withdrawal is based on the fact that the contract was not awarded within 60 days after the receipt of bids.

11. OPENING OF BIDS

Bids will be publicly opened as announced in Document 00 11 14 Notice to Bidders.

12. DETERMINATION OF BIDDER'S/CONTRACTOR'S RESPONSIBILITY

12.1. The State Public Buildings Law requires that contracts for public work in the State of New York be awarded to the lowest responsible and reliable bidders as will best promote the public interest.

12.2. Each apparent low bidder, and each proposed subcontractor (for subcontract work of \$100,000 or more) will be required to submit form CCA-2 - *New York State Vendor Responsibility Questionnaire For Profit Construction* prior to contract award or subcontractor approval. ORDA reserves the right to request CCA-2 forms from proposed subcontractors for work of less than \$100,000 if it is determined to be in the best interest of the State. Submission of these forms will assist ORDA in determining the responsibility and reliability of the vendor.

ORDA recommends that vendors file the required CCA-2 form online via the New York State VendRep System. Use of this system requires that the vendor have a New York State Vendor Identification Number (Vendor ID). Please note that the Vendor ID is not the Taxpayer ID number.

If bidders do not already have a Vendor ID, they are encouraged to obtain one *in advance of* the bid opening.

To obtain a Vendor ID, contact the OSC Help Desk at 866-370-4672 or 518-408-4672, or by e-mail at ITServiceDesk@osc.state.ny.us.

To enroll in and use the VendRep System, see the **VendRep System** page at:

http://www.osc.state.ny.us/vendrep/info_vrsystem.htm

If you already have a User ID and password, go directly to the VendRep System online at:

<https://portal.osc.state.ny.us>.

For direct VendRep System user assistance, contact the OSC Help Desk; the help desk phone numbers and e-mail address are shown above.

Vendors opting to file a paper questionnaire can obtain the appropriate questionnaire from the VendRep website at http://www.osc.state.ny.us/vendrep/forms_vendor.htm or may telephone the OSC Help Desk.

12.3. After the bids are opened, the apparent low bidder shall complete and file the CCA-2 within 5 days. Vendors using the online system may certify (or recertify) and file the CCA-2 electronically via the VendRep System (<https://portal.osc.state.ny.us>).

12.4. It is recommended that all bidders become familiar *in advance* with all of the requirements of the CCA-2. As mentioned in 12.2, bidders who do not have a Vendor ID are encouraged to obtain one in advance of the bid opening.

12.5. All bidders must submit a completed form OEPC-3 - *Offerer Disclosure of Prior Non-Responsibility Determinations* (Document 00 21 12) with their Bid Form.

12.6. The determination of responsibility will include a review to ensure the Contractor has not knowingly and willfully violated the provisions of the Procurement Lobby Law or New York State Finance Law §139-j and §139-k.

12.7. New York State Finance Law §139-k (2) obligates a Governmental Entity to obtain specific information regarding prior non-responsibility determinations. This information must be collected in addition to the information that is separately obtained pursuant to State Finance Law §163(9). In accordance with State

Finance Law §139-k, a Contractor must be asked to disclose whether there has been a finding of non-responsibility made within the previous four (4) years by any Governmental Entity due to: (a) a violation of State Finance Law §139-j or (b) the intentional provision of false or incomplete information to a Governmental Entity.

- 12.8. As part of its responsibility determination, State Finance Law §139-k(3) mandates consideration of whether a Contractor fails to timely disclose accurate or complete information regarding the above non-responsibility determination. In accordance with law, no procurement contract shall be awarded to any Contractor that fails to timely disclose accurate or complete information under this section, unless a finding is made that the award of the Procurement Contract to the Offerer is necessary to protect public property or public health safety, and that the Offerer is the only source capable of supplying the required Article of Procurement within the necessary time frame.

13. SUBMISSION OF POST-BID INFORMATION

13.1.2. A breakdown of the amount of the bidder's Proposal. Such breakdown shall be prepared in accordance with industry standards.

- 13.4. The above information and such other information as ORDA or the Consultant/OEPC may request or obtain will be used by ORDA in determining the reliability and responsibility of the bidder. Each bidder must comply promptly with all requests by ORDA and the Consultant/OEPC for information and must actively cooperate with ORDA and the Consultant/OEPC in their efforts to determine the qualifications of the bidder.

14. QUALIFICATIONS OF BIDDERS

- 14.1. All prospective bidders are hereby notified that, on request of ORDA, they must be able to prove to the satisfaction of ORDA that they have the skill and experience, as well as the necessary facilities, ample financial resources, organization and general reliability to do the work to be performed under the provisions of the Contract in a satisfactory manner and within the time specified.
- 14.2. Working capital is defined as the excess of current assets over current liabilities. - 14.3. A bidder must also be prepared to prove, to the satisfaction of ORDA, that it has successfully completed a contract of similar work in an amount of not less than 50 percent of the amount of its Base Bid. Refer to Document 00 22 19 for additional requirements, if any, which shall supersede the requirements of this Section 14.3.

15. AWARD OF CONTRACT

- 15.1. The Contract may be awarded to the lowest responsible and reliable bidder as will best promote the public interest.
- 15.2. If alternates are included in the bidding documents, ORDA reserves the right to accept or reject any or all alternates. ORDA shall determine the lowest bid by adding to or deducting, from the Base Bid Amount of the bidders, the additive or deductive alternates, if any, that ORDA elects to accept after the opening of the bids. Alternates will be accepted in the order they are set forth in the contract documents.
- 15.3. The State reserves the right to reject any or all bids, and advertise for new bids, if in its opinion the best interest of the State will thereby be promoted. In the event that all bids are rejected, each bidder will be so notified.
 - 15.3.1. A Proposal may be rejected if the bidder fails to furnish the required bid security or to submit the data required with or after its Proposal.
 - 15.3.2. A Proposal may be rejected if the bidder cannot show to the satisfaction of ORDA: (i) that it has the necessary capital, skill and experience; or (ii) that it owns, controls or can procure the necessary plant and equipment to commence the work at the time prescribed in the Contract and thereafter to prosecute and complete the work at the rate, or within the time specified; or (iii) that it is not already obligated by the performance of so much other work as is likely to delay the commencement, prosecution or completion of the work contemplated by the Contract.
 - 15.3.3. A Proposal will be rejected if it does not provide for the completion of the work by the date of completion specified in the Proposal.
- 15.4. Pursuant to Public Buildings Law § 8(6), effective 11 January 2020, for any projects where the project design commenced on or after 01 January 2020 and for any contracts over \$5,000 for the work of construction, reconstruction, alteration, repair, or improvement of any State building, a responsible and reliable NYS-certified Minority or Women-Owned Business Enterprise (“MWBE”) that submits a bid within ten percent of the lowest bid will be deemed the apparent low bidder provided that the MWBE bid is \$1,400,000 or less, as adjusted annually for inflation beginning January 1, 2020. If more than one responsible or reliable NYS-certified MWBE firm meets these requirements, the MWBE firm with the lowest bid will be deemed the apparent low bidder. Refer to the Advertisement for Bids for applicability of projects subject to these criteria.

16. MINORITY- AND WOMEN-OWNED BUSINESS ENTERPRISES AND SERVICE-DISABLED VETERAN-OWNED BUSINESSES

- 16.1. Pursuant to New York State Executive Law Article 15-A and the rules and regulations promulgated thereunder, ORDA is required to promote opportunities for the maximum feasible participation of NYS-certified Minority- and Women-owned Business Enterprises and the employment of minority group members and women in the performance of ORDA contracts.
- 16.2. The Minority / Women Owned Business Sub-Contracting / Supplier Goals and Service-Disabled Veteran-Owned Businesses goals for this solicitation are presented in Document 00 22 13 – Supplemental Information and Instructions to Bidders MWBE EEO & SDVOB
- 16.3. Information on MWBEs, including a directory of MWBE's, is available from:

NYS Empire State Development
Minority and Women's Business Development Division
30 South Pearl Street
Albany, NY 12245
Telephone: (518) 292-5252
Website: <https://esd.ny.gov/doing-business-ny/mwbe>

- 16.4. Pursuant to New York State Executive Law Article 17-B enacted in 2014, the State acknowledges that Service-Disabled Veteran-Owned Businesses (SDVOBs) strongly contribute to the economies of the State and the nation. As defenders of our nation and in recognition of their economic activity in doing business in New York State, bidders/proposers for this contract for commodities, services or technology are strongly encouraged and expected to consider SDVOBs in the fulfillment of the requirements of the contract. Such partnering may be as subcontractors, suppliers, protégés or other supporting roles. SDVOBs can be readily identified on the directory of certified businesses at:

http://ogs.ny.gov/Core/docs/CertifiedNYS_SDVOB.pdf

- 16.5. Bidders need to be aware that contractors will be strongly encouraged to the maximum extent practical and consistent with legal requirements of the State Finance Law and the Executive Law to use responsible and responsive SDVOBs in purchasing and utilizing commodities, services and technology that are of equal quality and functionality to those that may be obtained from non-SDVOBs. Furthermore, bidders/proposers are reminded that they must continue to utilize small, minority and women-owned businesses consistent with current State law.
- 16.6. Utilizing SDVOBs in State contracts will help create more private sector jobs, rebuild New York State's infrastructure, and maximize economic activity to the mutual benefit of the contractor and its SDVOB partners. SDVOBs will promote the contractor's optimal performance under the contract, thereby fully benefiting the public sector programs that are supported by associated public procurements.
- 16.7. Public procurements can drive and improve the State's economic engine through promotion of the use of SDVOBs by its contractors. The State, therefore, expects bidders/proposers to provide maximum assistance to SDVOBs in their contract performance. The potential participation by all kinds of SDVOBs will deliver great value to the State and its taxpayers.

17. SURETY BOND

- 17.1. Prior to the award of the Contract, the Contractor shall provide a Payment Bond and a Performance Bond. Each bond shall have a penal sum equal to \$1,000,000 as security for the faithful performance of this Contract, and for the payment of all persons performing labor or furnishing materials in connection with this contract. These bonds are to be executed on ORDA's forms (Documents 00 43 14 and 00 43 15) and the surety company must be licensed in the State of New York, have a Best Rating of

A- or better and appear on the most recent published Department of the Treasury's Listing of Approved Sureties (Department Circular 570) at the time of filing the bonds.

- 17.2. If, at any time, the total value of outstanding Job Orders exceeds the penal sum of the Performance and Payment Bonds then in effect, the Owner may, at its discretion, require the Contractor to submit a new Performance and Payment Bond in the amount of \$1,000,000 or the penal sum equal to such total value of outstanding Job Orders, whichever is greater.
- 17.3. The cost of all bonds is to be included in the Contractor's Adjustment Factors.

18. POLICY ON TIED BIDS

- 18.1. A tie-bid is defined as an instance where bids are received from two or more bidders who are the apparent low responsive and reliable bidders with identical offers, or who are MWBEs with identical offers with bids of \$1,400,000 or less and whose bids are within ten percent of the lowest bid. A tie-bid does not exist when an apparent low bidder has an identical offer to an MWBE, as the MWBE is deemed the apparent low bidder pursuant to Public Buildings Law § 8(6). It is the policy of ORDA to settle the outcome of tie-bids between two contractors where the Bid includes Alternates, to determine the Low Bid based on the selected Alternates in combination with the Base Bid. For Tie-bids between two contractors, where there are no monetary means to differentiate via Alternates to settle the tie-bids either drawing a name from a hat or flipping a coin within 24 hours of the bid opening. All affected firms will be notified of the tie and the time and place of the resolution of the tie and shall be invited to witness the outcome. Attendance is not mandatory. The drawing/flip will be held at the address in Paragraph 3.3. Two impartial witnesses will be provided and shall be present. All attendees will acknowledge the results of the tiebreaker on the bid tabulation sheet. All firms affected by the tied bids will be notified of the results. The results pursuant to this provision shall be considered final.

Olympic Regional Development Authority

Code of Business Ethics – Certification

The bidder (or Proposer) shall submit this form at time of bid (or with RFP).

A. Ethics Programs

1. The Olympic Regional Development Authority (the “Authority”), a public-benefit corporation, expects the highest degree of ethical business conduct by its employees and the many contractors, consultants and vendors with whom it interacts on behalf of its clients, bondholders and the people of the State of New York. The Authority, by mandate of its Board of Directors, administers a comprehensive corporate integrity program to ensure that, as public officers, Authority employees at all levels perform their official duties consistent with the requirements of the *New York State Public Officers Law*; other applicable laws, rules, and regulations; and policies of the Authority.
2. The Authority encourages and supports a fair, open and honest business relationship with its contractors, consultants and vendors based on quality, service and cost. Moreover, the Authority believes that a “level playing field” in the marketplace can only be achieved through adherence to ethical business practices by all participants involved in the process.
3. To promote a working relationship with the Authority based on ethical business practices, contractors, consultants and vendors are expected to:
 - a. furnish all goods, materials and services to the Authority as contractually required and specified;
 - b. submit complete and accurate reports to the Authority and its representatives as required;
 - c. not seek, solicit, demand or accept any information, verbal or written, from the Authority or its representatives that provides an unfair advantage over a competitor;
 - d. not engage in any activity or course of conduct that restricts open and fair competition on Authority-related projects and transactions;
 - e. not engage in any course of conduct with Authority employees or representatives that constitutes a conflict of interest or creates the appearance of a conflict of interest;
 - f. not offer any unlawful gifts or gratuities to Authority employees or representatives, or engage in bribery or other criminal activity; and
 - g. report to the Authority any activity by an Authority employee or contractor, consultant or vendor of the Authority that is inconsistent with the Authority’s *Code of Business Ethics*.
4. The Authority encourages its contractors, consultants and vendors to advance and support ethical business conduct and practices among their respective directors, officers and employees, preferably through the adoption of corporate ethics awareness training programs and written codes of conduct. In addition to considering technical competence and financial stability, the Authority will consider the *corporate integrity* of all contractors, consultants and vendors prior to the awarding of contracts or issuing of purchase orders.

B. Conduct of Authority Employees

Authority employees are expected to conduct business with contractors, consultants and vendors in a fair, consistent and professional manner. The Authority's Code of Business Ethics and Employee Conduct entitled *Serving Responsibly*, and other Authority policies and procedures, guide the manner in which Authority employees are required to interact with contractors, consultants and vendors. Additionally, the New York State Public Officers Law sets forth legal parameters within which Authority employees must perform their official duties with respect to, among other things, conflicts of interest and the acceptance of gifts.

C. Limits on Gifts to Authority Employees

1. Pursuant to Section 73(5) of the Public Officers Law, no person shall offer any gift having more than a nominal value to an Authority employee under circumstances in which it:
 - a. could be reasonably inferred the gift was intended to influence the employee in the performance of his or her official duties; or
 - b. could reasonably be expected to influence the employee in the performance of his or her official duties; or
 - c. was intended as a reward for any official action on the part of the employee.
2. A gift is anything more than nominal in value, in any form, given to an Authority employee. Gifts include, but are not limited to, money, service, loan, travel, lodging, meals, refreshments, entertainment, discount, forbearance or promise. Any firm or its agents, either doing business or seeking to do business with the Authority (contractors, consultants, vendors, etc.), is prohibited from directly or indirectly offering or giving any gifts, even gifts of nominal value, to Authority employees as such gifts are deemed to be *per se* improper.
3. As is stated in the *Prohibited Interests* section of the Construction and Consultant Contract documents, violations of these gift provisions may be grounds for immediate contract termination and/or referral for civil action or criminal prosecution.

D. Employing Relatives of Authority Employees

Although contractors, consultants and vendors may employ relatives of Authority employees, the Authority must be made aware of such circumstances as soon as possible, preferably in writing, to ensure a conflict of interest situation does not arise. The Authority reserves the right to request that contractors, consultants and vendors modify the work assignment of an Authority employee's relative where a conflict of interest, or the appearance thereof, is deemed to exist. Please be advised that Authority employees are required to disclose information regarding the hiring of relatives by contractors, consultants and vendors and recuse themselves from matters that may present a conflict of interest. For purposes of this document, the term "relatives" refers to spouses, domestic partners, parents, children, sisters, brothers, sisters-in-law, brothers-in-law, parents-in-law, sons/daughters-in-law, stepparents, stepchildren, aunts, uncles, nieces, nephews, first cousins, grandparents by blood relationship or by marriage, or persons residing in the same household.

E. Hiring Former Authority Employees

Contractors, consultants and vendors may hire former Authority employees. However, as a general rule, former employees of the Authority may neither appear nor practice before the

Authority, nor receive compensation for services rendered on a matter before the Authority, for a period of *two years* following their separation from Authority service. In addition, former Authority employees are subject to a “lifetime bar” from appearing before the Authority or receiving compensation for services regarding any transaction in which they personally participated or which was under their active consideration during their tenure with the Authority. Violations will be referred to the New York State Commission on Public Integrity for appropriate action.

F. Certification

I have read the foregoing and agree to comply with the Authority’s Code of Business Ethics. I further acknowledge that failure to comply shall justify contract termination by the Authority and may result in the rejection of bids or proposals for future work with the Authority.

PROHIBITING CONTRACTS WITH ENTITIES THAT SUPPORT DISCRIMINATION

EO 177 Certification

The New York State Human Rights Law, Article 15 of the Executive Law, prohibits discrimination and harassment based on age, race, creed, color, national origin, sex, pregnancy or pregnancy-related conditions, sexual orientation, gender identity, disability, marital status, familial status, domestic violence victim status, prior arrest or conviction record, military status or predisposing genetic characteristics.

The Human Rights Law may also require reasonable accommodation for persons with disabilities and pregnancy-related conditions. A reasonable accommodation is an adjustment to a job or work environment that enables a person with a disability to perform the essential functions of a job in a reasonable manner. The Human Rights Law may also require reasonable accommodation in employment on the basis of Sabbath observance or religious practices.

Generally, the Human Rights Law applies to:

- all employers of four or more people, employment agencies, labor organizations and apprenticeship training programs in all instances of discrimination or harassment;
- employers with fewer than four employees in all cases involving sexual harassment; and,
- any employer of domestic workers in cases involving sexual harassment or harassment based on gender, race, religion or national origin.

In accordance with Executive Order No. 177, the Bidder hereby certifies that it does not have institutional policies or practices that fail to address the harassment and discrimination of individuals on the basis of their age, race, creed, color, national origin, sex, sexual orientation, gender identity, disability, marital status, military status, or other protected status under the Human Rights Law.

Executive Order No. 177 and this certification do not affect institutional policies or practices that are protected by existing law, including but not limited to the First Amendment of the United States Constitution, Article 1, Section 3 of the New York State Constitution, and Section 296(11) of the New York State Human Rights Law.

DISCRIMINATION AND SEXUAL HARASSMENT POLICY

It is the policy of the Olympic Regional Development Authority to provide and maintain a working environment free of sexual and/or any other illegal harassment, discrimination, and/or intimidation of any employee, job applicant, or non-employee. We do not accept or condone illegal discriminatory actions nor actions of sexual harassment by management or any employee of ORDA, or by non-employees.

Discrimination and sexual harassment are illegal under Title VII of the Civil Rights Act of 1964, as amended ("Title VII"), and the New York State Human Rights Law, as amended ("Human Rights Law").

The Human Rights Law applies to all State agencies and employees, and provides very broad anti-discrimination coverage. The Law provides, in section 296.1(a), that it is an unlawful discriminatory practice "[f]or an employer or licensing agency, because of the age, race, creed, color, national origin, sexual orientation, military status, sex, disability, predisposing genetic characteristics, marital status or domestic violence victim status of any individual, to refuse to hire or employ or to bar or to discharge from employment such individual or to discriminate against such individual in compensation or in terms, conditions or privileges of employment." The Law further provides, in sections 296.15 and 296.16, protections from employment discrimination for persons with prior conviction records, or prior arrests, youthful offender adjudications or sealed records.

The Olympic Authority will not tolerate any discriminatory and/or harassment of its employees which is in violation of either Title VII and/or the Human Rights Law, and will take affirmative steps to stop it. All personnel actions and conditions of employment are administered without regard to race, color, religion, national origin, age, sex, disability, veteran status or sexual preference, and any other protected class under Title VII and/or the Human Rights Law as they may be amended from time to time. Furthermore, Sexual harassment in any form is prohibited and will not be tolerated. Anyone who engages in illegal discrimination/ harassment, or sexual harassment will be subject to discipline up to and including discharge. Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, or other conduct, either verbal or physical, of a sexual nature that is offensive to another individual.

You have the right to make a complaint if you feel you have been discriminated against, harassed, or sexually harassed. A complaint form may be obtained from the Office of the Director of Environmental Planning and Construction. Directions on how to file a complaint and who to submit it to are contained on the form itself. An immediate investigation of the allegations will be conducted and corrective action taken where warranted. To the extent possible, this investigation will be conducted in a confidential manner that protects the identity of both the person filing the complaint and the person accused.

If it is determined that an employee is guilty of harassing another employee, or non- employee, appropriate disciplinary action will be taken against the offending person.

ORDA prohibits any form of retaliation against any contractors or employee who files a bona fide complaint or witnesses assisting in an investigation.

You may request further information about the policy and procedure for investigating claims of sexual harassment and/or discrimination from the Human Resource Office.

I have read the foregoing and agree to comply with the ORDA's Discrimination and Sexual Harassment Policy. I further acknowledge that failure to comply shall justify contract termination by ORDA and may result in the rejection of bids or proposals for future work with ORDA.

On all drawings, figures take precedence over scaled dimensions.
- 3.7 In the event of conflicting provisions within the specifications, the following order of precedence for resolution of the conflict shall apply: the more specific provision will take precedence over the less specific; if not resolved, the more stringent will take precedence over the less stringent; if not resolved, the more expensive item will take precedence over the less expensive.

Written approval of the specific deviations as outlined on the request form shall be required. The Director's review process shall not relieve the Contractor from responsibility for errors or omissions in the shop drawings, product data or samples.

- 5.3 Except where specifically provided otherwise, whenever any product is specified by brand name, i.e., manufacturer's or supplier's name or trade name and catalog or model number or name, the intent is not to limit competition but to establish a standard of quality which the Director has determined is necessary. The Contractor shall promptly furnish such information as the Director or Contracting Officer may require concerning the proposed subcontractor's and supplier's ability and qualifications, and Minority/Women Owned Business Enterprises Status. Each request for approval of a subcontractor whose subcontract will be valued at \$100,000.00 or more shall also be accompanied by a NYS Vendor Responsibility Questionnaire - For-Profit Construction properly completed and executed by the proposed subcontractor.
- 6.4 The Contractor's use of subcontractors shall not diminish the Contractor's obligations to complete the Work in accordance with the Contract. The Contractor shall control and coordinate the Work of its subcontractors.
- 6.5 The Contractor shall be responsible for

informing its subcontractors and suppliers of all the terms, conditions and requirements of the Contract Documents including, but not limited to the General Conditions, Supplementary Conditions, the Detailed Scope of Work including any Drawings and Specifications, Appendix A, and changes made by Addenda.

ARTICLE 9 - INSPECTION AND ACCEPTANCE

- 9.1 The Director's Representative will inspect and test the Work at reasonable times at the Site,

unless the Director determines to make an inspection or test at a place of production, manufacture or shipment. Such inspection or test shall be conclusive as to whether the material and workmanship inspected or tested conforms to the requirements of the Contract. Such inspection or test shall not relieve the Contractor of responsibility for damage to or loss of the material prior to acceptance, nor in any way affect the continuing rights of the Director to reject the completed Work.

- 9.2 The Contractor shall, without charge, promptly correct any Work the Director's Representative finds does not conform to the Contract Documents unless in the public interest the Director consents to accept such Work with an appropriate adjustment on the Contract Price and/or to any terms and conditions of the Contract. The Contractor shall promptly remove rejected material from the Premises.
- 9.3 If the Contractor does not promptly, as determined by the Director, correct rejected Work including the work of other contractors destroyed or damaged by removal, replacement, or correction, the Director may (1) correct such Work and charge the cost thereof to the Contractor; or (2) terminate the Contract in accordance with Article 13 of the General Conditions.

- 9.5.2 The Contractor shall be back-charged with any cost of inspection when the Work is not ready at the time specified by the Director's Representative for inspection, or for deficient work that

shall require re-testing and/or inspection.

- 9.5.3 ORDA shall be responsible for the cost of all testing for required Special Inspections. The Contractor shall be responsible for scheduling and access for testing agency. A minimum of forty-eight (48) hours' notice shall be required for all testing required for Special Inspections unless other arrangements have been made with the Director's Representative.
- 9.6 Should the Director's Representative determine at any time before acceptance of the entire Work to examine Work already completed by removing, uncovering or testing the same, the Contractor shall, on request, promptly furnish all necessary facilities, labor, materials and equipment to conduct such inspection, examination or test. If such Work is found to be defective or nonconforming in any material respect, the Contractor shall defray all the expenses of such examination and satisfactory reconstruction. If the Work is found to meet the requirements of the Contract Documents, the Contractor shall be compensated for the additional services involved in such examination and reconstruction by change order and, if completion of the Work has been delayed thereby, shall receive a suitable extension of time.
- 9.7 No previous inspection or certificates of payment shall relieve the Contractor from the obligation to perform the Work in accordance with the Contract Documents. The final payment shall not relieve the Contractor of the responsibility for failing to comply with the Contract Documents.
- 9.8 The Contractor shall remedy all defects, paying the cost of any damage to other work or property of ORDA resulting there from, which shall appear within a period of one (1) year from the date of physical completion.
- 9.9 The Contractor warrants that Product(s) furnished pursuant to this Contract shall, when used in accordance with the Product documentation, be able to accurately process date/time data (including, but not limited to, calculating, comparing, and sequencing) transitions, including leap year calculations. Where the Contractor proposes, or an acquisition requires, that specific Products must perform as a

package or system, this warranty shall apply to the Products as a system.

9.9.1 Where the Contractor is providing ongoing services, including but not limited to: i) consulting, integration, code or data conversion, ii) maintenance or support services, iii) data entry or processing, or iv) contract administration services (e.g. billing, invoicing, claim processing), the Contractor warrants that services shall be provided in an accurate and timely manner without interruption, failure or error due to the inaccuracy of Contractor's business operations in processing date/time data (including, but not limited to, calculating, comparing, and sequencing) various date/time transitions, including leap year calculations. The Contractor shall be responsible for damages resulting from any delays, errors or untimely performance resulting therefrom, including but not limited to, the failure or untimely performance of such services.

9.9.2 This Date/Time Warranty shall survive beyond termination or expiration of this Contract through: a) ninety (90) days or b) the Contractor's or Product manufacturer/developer's stated date/time warranty term, whichever is longer. Nothing in this warranty statement shall be construed to limit any rights or remedies otherwise available under this Contract for breach of warranty.

ARTICLE 10 - CHANGE ORDERS

10.1 ORDA may make changes to the Contract by Change Order. ORDA may make changes to the Detailed Scope of Work by altering, adding to or deleting from the Work through the issuance of a Supplemental Job Order. ORDA shall adjust the Job Order Price or the Job Order Completion Time accordingly with a Supplemental Job Order. All changed work shall be executed in conformity with the terms and conditions of the Contract Documents unless otherwise provided in the Supplemental Job Order. Any change in the Job Order Price or the Job Order Completion Time shall be contained in the Supplemental Job Order. Any change in schedule resulting from a Supplemental Job Order will be issued in

accordance with the provisions of Paragraphs 4.6 and 13.5 of these General Conditions. If the work described in the Change Order impacts the Substantial Completion Date, the Contractor must notify the Director's Representative or their designated representative in writing within fifteen (15) days of the approval of the Change Order. The notification shall include the facts and justification for the time adjustment request and a Time Impact Analysis.

10.2 No written or oral instructions shall be construed as directing a change in the Work unless in the form of a Supplemental Job Order signed by the Contracting Officer. The Supplemental Job Order shall describe or enumerate the work to be performed, state the Supplemental Job Order Price and state the time allowed (if any) for the performance of the changed work. If the extent or cost of the changed work is not determinable until after the changed work is performed, the Supplemental Job Order shall specify the method for determining the cost and extent of the changed work when completed. If the Contractor disagrees as to any element of the Supplemental Job Order, the Contractor shall promptly indicate such disagreement in writing by certified mail directed to the Contracting Officer and shall promptly proceed in accordance with the Supplemental Job Order. The Contractor's letter of disagreement shall identify by number the Supplemental Job Order with which the Contractor is disagreeing, the elements with which the Contractor disagrees and a statement as to why there is a disagreement on each element. The letter of disagreement shall be accompanied by documentation of every material element of the Contractor's basis for disagreement. The Contracting Officer shall promptly review the Contractor's letter and supporting documentation and advise the Contractor in writing of any modifications to the Supplemental Job Order or of the confirmation of the Supplemental Job Order as issued. The Contracting Officer may, in the exercise of discretion, conduct informal discussions or meetings with the Contractor and/or State Officials, employees or agents prior to rendering a decision.

10.3 If the Contractor is required to perform work for which the Contractor believes it is entitled to a Supplemental Job Order, the Contractor shall give the Director prompt written notice and await instructions before proceeding to execute such work. The Contractor shall thereafter proceed diligently with the performance of the contract in

accordance with the Director's instructions. The Contractor shall maintain complete cost records including but not limited to time and payroll records, material invoices and delivery tickets, equipment rental and purchase invoices for itself and all subcontractors, suppliers and material-men when the Contractor performs work which the Contractor believes is extra or additional work. Failure to maintain such records shall waive any right to extra and additional costs beyond those costs supported by actual cost records.

10.4 The Director shall determine the value of any Supplemental Job Order by one or more of the methods provided in Division 01 - General Requirements.

10.5 Irrespective of the method used or to be used by ORDA in determining the value of a Supplemental Job Order, the Contractor shall after receipt of a request, promptly, but no later than thirty (30) days, submit to ORDA a detailed breakdown of the Contractor's estimate of the value of the omitted or extra work. The Contractor shall submit evidence, satisfactory to the Contracting Officer, to substantiate each and every item that constitutes his proposal for the change. ORDA shall promptly respond to such submission.

10.5.1 The Contractor shall submit a responsive Job Order Proposal to the Director's Representative in proper form subject to the provisions of this Article. The Contractor shall respond no later than fifteen (15) calendar days from the date of a "request for proposal" from the Director's Representative. If the contractor believes additional time is required to prepare and submit a responsive proposal, a justification and proposed response duration must be submitted to the Director's Representative or his designated representative within ten (10) days from the date of a "request for proposal". If approved, the 10-day requirement will be extended as ORDA may deem appropriate. Should the Contractor fail to respond or fail to submit the required cost proposal within the 15-day requirement, ORDA shall determine a fair market value for the work proposed and will issue a Supplemental Job Order. The Contractor, by failing to respond to a request for proposal or

provide an acceptable and responsive cost proposal, waives any claim or rights to any extra and or additional costs as may be determined by the Contracting Officer.

10.6 Unless otherwise specifically provided for in a Supplemental Job Order, the compensation specified therein for extra work includes full payment for both the extra work covered thereby and for any damage or expense caused the Contractor by any delays to other work to be done under the Contract resulting from or on account of said extra work, and the Contractor waives all rights to any other compensation for said extra work, damage or expense.

10.7 No Supplemental Job Order which creates a liability on ORDA shall be binding unless approved by the Contracting Officer.

ARTICLE 11 - SITE CONDITIONS

11.1 If the Contractor encounters subsurface or other latent physical conditions at the Site which differ substantially from those shown, described or indicated in such information provided by ORDA in the Contract Documents, or from any information which is a public record and which subsurface or other latent physical condition could not have been reasonably anticipated from that information or from the Contractor's own inspection and examination of the Site, the Contractor shall give immediate written notice to the Director before any such condition is disturbed. The Director shall promptly investigate and, if it is determined that the conditions substantially differ from those which should have been reasonably anticipated, shall make such changes in the Drawings and Specifications as may be required. If necessary, the Job Order Price and/or the Job Order Completion Time shall be adjusted, to reflect any increase or decrease in the cost of, or time required for, performance of the Contract.

ARTICLE 12 - SUSPENSION OF WORK

12.1 The Director may order the Contractor in writing to suspend, delay, or interrupt performance of all or any part of the Work for a reasonable period of time as the Director may determine.

12.2 Upon receipt of a suspension order, the Contractor shall, as soon as practicable, cease performance of the Work as ordered and take immediate affirmative measures to protect such

Work from loss or damage.

- 12.3 The Contractor specifically agrees that a suspension, interruption or delay of the performance of the Work pursuant to this Article for a period or periods not exceeding thirty (30) days in total shall not increase the cost of performance of the Work of this Contract other than costs directly related to demobilization and remobilization for the Work, temporary services costs, equipment rental which cannot be practically suspended and temporary protection measures which are unusual but necessary.

ARTICLE 13 - TIME OF COMPLETION AND TERMINATION FOR CAUSE

- 13.1 All time limits stated in the Contract are of the essence of the Contract.
- 13.1.1 The Job Order Completion Time will commence on the date indicated in the Job Order, or the Notice to Proceed.
- 13.1.2 Starting the Work: The Contractor shall start to perform the Work on the date when the Job Order Completion Time commences to run. No Work shall be done at the Site prior to the date on which the Job Order Completion Time commences to run.
- 13.1.3 Time is of the essence for the Contractor's obligation in this Contract. The Contractor shall carry on said Work promptly, efficiently and in a manner that will not cause delay in the progress of the Work or the work of other contractors. If, in the opinion of ORDA, the Contractor falls behind in the progress of the Work, ORDA may direct the Contractor to take such steps as ORDA deems necessary to improve the rate of progress, including, without limitation, requiring the Contractor to increase the number of shifts, personnel, plants, or proceed with other remedies and to submit to ORDA for ORDA's approval a schedule demonstrating the manner in which the required rate of progress will be attained, without additional cost to ORDA. ORDA may require the Contractor to perform portions of the Work, in what would appear to be out of sequence, in order to conform to the Project Schedule.

13.2 Termination for Cause.

- 13.2.1 If in the judgment of the Director, the Contractor fails or refuses to prosecute the Work in accordance with the Contract, or is failing to complete the Work within the time provided by the Contract, the Contracting Officer may terminate the Contract by written notice. In such event, the Director shall order the surety to complete the Work.
- 13.2.2 If it is determined after the award of the Contract that there exists any cause of so serious or compelling a nature, including but not limited to, submission to a contracting agency of a false or misleading statement on a NYS Vendor Responsibility Questionnaire, or in some other form in connection with a bid for or award of this or any other contract or a request for approval of a subcontractor, that it raises questions about the present responsibility of a contractor or subcontractor, the Director may terminate the Contract by written notice. In such event, the Director may or may not in his sole discretion, order the surety to complete the Work.
- 13.2.3 The Director will notify the Contractor and Surety that ORDA is considering declaring the Contractor in default and will arrange a hearing with the Contractor and the Surety to discuss methods of performing and completing the contract work.
- 13.2.4 If ORDA formally declares the Contractor in default, ORDA will demand upon the Surety to complete any and all remaining Work pursuant to the terms of the Contract and the Surety Takeover Guidelines incorporated as Appendix B. The Surety may undertake to perform and complete the Work itself, through its agents or through independent contractors approved by ORDA. ORDA will agree to pay the balance of the Job Order Price to the Surety in accordance with the terms and conditions of the Contract or to the designee authorized in writing by the surety upon acceptance of the Surety's

completion plan pursuant to Appendix B.

13.2.5 The surety agrees to complete any investigation into the default of the Contractor and advise the Director as to its intended course of action within ten (10) days of receipt of the written notice of default. That notice will detail the underlying reasons for the default and provide pertinent documentation including the surety takeover guidelines of the Contracting Officer. Any request by a surety for execution of a takeover agreement, shall be delivered to the Contracting Officer for consideration, within the same ten day period. No changes in the terms and conditions of the Contract will be considered. All rights remedies and defenses of the parties are reserved and no rights, remedies or defenses of the parties are waived, by virtue of the Surety's agreement to assume contract performance under the bond

13.2.6 The Surety may elect to forfeit the remaining penal sum of the Performance Bond within twenty (20) days of notification of default by ORDA, with no additional penalties imposed, upon the execution of a release prepared by ORDA. ORDA will determine the value of the remaining Work based upon its investigation of the Work in place against payments previously authorized. As soon as practical the Surety will tender payment therefore to ORDA.

13.2.7 If the surety fails or refuses to complete the Work within twenty-five (25) days of the notification of the Contractor's default, or if the Surety fails or refuses to complete the work within the time frames allotted by ORDA, ORDA may take over the Work and prosecute it to completion by contract publicly let or otherwise, and may take possession of and utilize in completing the Work, such of the Contractor's materials, equipment and plant as may be on the Site. Whether or not the right to terminate is exercised, the Contractor and the Surety shall be liable for any damage to ORDA resulting from the failure or refusal to complete the Work

in accordance with the Contract or the failure to complete the Work within the time provided by the Contract.

13.2.8 Should the Surety fail to commence the work, the Director will notify the Surety that ORDA is considering declaring the Surety in default and will arrange a hearing with the Surety to discuss methods of performing and completing the contract work. It is the policy of ORDA to let a Contract for the remaining Work after the 21st day of the demand upon the Surety to complete the Work pursuant to the terms and conditions of the Contract and the Performance Bond filed with the ORDA.

13.2.9 Upon termination, ORDA shall have the right to exclude the Contractor from the Site and take possession of the Work and of all the Contractor's tools, appliances, construction equipment and machinery at the site and use the same to the full extent they could be used by the Contractor (without liability to the Contractor for trespass or conversion), incorporate in the Work all materials and equipment stored at the Site or for which ORDA has paid the Contractor but which are stored elsewhere, and finish the Work as ORDA may deem expedient. In such case, the Contractor shall not be entitled to receive any further payment until the Work is finished. If the unpaid balance of the Job Order Price exceeds all claims, costs, losses and damages sustained by ORDA arising out of or resulting from completing the Work, such excess will be paid to the Contractor. If such claims, costs, losses and damages exceed such unpaid balance, the Contractor shall pay the difference to ORDA. Such claims, costs, losses and damages incurred by ORDA shall be reasonable provided that when exercising any rights or remedies under this section ORDA shall not be required to obtain the lowest price for the Work performed. ORDA's rights under this section shall not be in contravention of, but shall be in addition to, any and all rights ORDA has as against the Surety.

13.3 The amount of Liquidated Damages shall be the

amount set forth in the schedule of liquidated damages contained in Supplementary Conditions Liquidated Damages (Document 00 73 05) times the number of days of delay in substantial completion and/or physical completion of the Work. Upon the assessment of such damages, ORDA may withhold the sum of the damages contemplated from payments to avoid an overpayment to any firm where damages would apply.

13.3.1 If the Director terminates the Contract, damages shall consist of liquidated damages, if any, until the Work is physically completed, plus any and all costs incurred by ORDA in completing the Work.

13.3.2 If the Director does not terminate the Contract, the damages shall consist of liquidated damages, if any, until the Work is physically completed.

13.4 The Contract shall not be so terminated nor the Contractor charged with resulting damage if:

13.4.1 The delay in the completion of the Work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to, acts of God, acts of the public enemy, acts of ORDA in either its sovereign or contractual capacity, acts of another contractor in the performance of a contract with ORDA, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of both the Contractor and such subcontractors or suppliers, and

13.4.2 The Contractor notifies the Director in writing of the causes of delay within ten (10) days from when the Contractor knew or ought to have known of any such delay.

13.5 The Director will ascertain the facts and the extent of the delay and extend the time for completing the Work when, in the Director's judgment, the findings of fact justify such an extension, and the Director's findings of fact shall be final and conclusive on the parties.

13.6 If after notice of termination of the Contract, it is determined for any reason the Contractor was not in default or that the delay was excusable, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to Article 14.

13.7 The rights and remedies of ORDA provided in this Article are in addition to any other rights and remedies provided by law or under this Contract.

13.8 ORDA reserves the right to terminate this Contract in the event it is found that the certification filed by the offerer in accordance with New York State Finance Law §139-k was intentionally false or intentionally incomplete. Upon such finding, ORDA may exercise its termination right by providing written notification to the offerer in accordance with the written notification terms of the Contract.

ARTICLE 14 - TERMINATION OF THE CONTRACTOR FOR THE CONVENIENCE OF ORDA

14.1 The Contracting Officer may terminate this Contract whenever the public interest so requires by delivering to the Contractor a notice of termination specifying the extent to which performance of Work under the Contract is terminated and the date upon which such termination becomes effective. Upon receipt of the notice of termination, the Contractor shall act promptly to minimize the expenses resulting from such termination. ORDA shall pay the Contractor the sum of:

14.1.1 The costs actually incurred by the Contractor, subcontractors, and sub-subcontractors or their suppliers up to the effective date of such termination, and

14.1.2 The cost of settling and paying claims, provided the concurrence of the Contracting Officer is obtained prior to agreeing to any such settlement, arising out of the termination of Work under subcontracts or orders exclusive of the amounts paid or payable on account of supplies or materials delivered or services furnished by the subcontractor prior to the effective date of the notice of termination of Work under this Contract, which amounts shall be included in the cost on account of which payment is made under 14.1.1 above,

and

14.1.3 An amount determined by adding to the amount of the costs under 14.1.1 above a sum equal to 20% (comprised of 10% overhead and 10% profit) thereof, provided, however, that if it appears that the Contractor would have sustained a documentable loss on the entire Contract had it been completed, an appropriate adjustment shall be made reducing the amount to be paid under this Article to reflect the indicated rate of loss.

14.2 In no event shall the Contractor's compensation exceed the total Contract amount.

14.3 The detailed estimate or amount of progress payments made to the Contractor prior to the day termination was effective shall not be conclusive evidence of costs incurred but progress payments shall be offset against any payment which ORDA makes to the Contractor as a result of such termination.

ARTICLE 15 - DISPUTES

15.1 The Contractor specifically agrees to submit, in the first instance, any dispute or disagreement relating to the performance of this Contract to the Director, who shall render a decision in writing and furnish a copy thereof to the Contractor. The Contractor agrees that this clause does not apply to any dispute or disagreement which involves delay, acceleration, interference or any other act or omission constituting a breach of contract; any matter relating to extensions of time, bonuses or liquidated damages; to the value of any Change Order (issued pursuant to Division 01 - General Requirements); any termination for cause or convenience; or to termination costs allowable pursuant to Contract.

15.2 The Contractor must request such decision in writing by certified mail no more than fifteen (15) days after the Contractor knew or ought to have known of the facts which are the basis of the dispute or disagreement. Such writing shall identify the nature of the dispute or disagreement; identify the person who rendered the decision or interpretation involved and the date of the decision or interpretation with which the Contractor disputes or disagrees, attaching a copy of such decision or interpretation; contain a statement of the contractual basis for the dispute

or disagreement; and identify the relief sought.

15.3 The Director may cause an investigation to be made of the circumstances involving the dispute or disagreement and may cause a fact-finding proceeding to be conducted before rendering the decision.

15.4 The Contractor agrees that the decision of the Director shall be final and conclusive. Nothing in this Contract shall be construed as making final the decision of any administrative official upon a question of law.

ARTICLE 16 - STATUTORY REQUIREMENTS FOR UTILIZATION OF MINORITY AND WOMEN OWNED BUSINESS ENTERPRISES

16.4 The Contractor agrees to include the provisions of Paragraphs 16.2 and 16.3 of these General Conditions in every subcontract it enters into as to Work in connection with this Contract in such a manner that the provisions will be binding

upon such subcontractor. However, the provisions of this paragraph shall not be binding upon the Contractor or its subcontractors in the performance of work or the provision of services that are unrelated, separate or distinct from this Contract as expressed by its terms.

In that event, the Contractor shall coordinate the Work with the work of other contractors in such manner as ORDA may direct. Each contractor shall control and coordinate the work of its subcontractors, if any. ORDA shall approve or require the modification of the work schedules of all contractors to the end that the Project may be progressed as expeditiously as the case permits.

17.1.1. ORDA may self-perform work related to the Project at the Site by its own forces, or let other direct contracts therefore which shall contain General Conditions similar to these, or have other work performed by utility owners. If the fact that such other work is to be performed was not noted in the Contract Documents, then; (i) written notice thereof will be given to the Contractor prior to starting any such other work, and (ii) the Contractor may make a claim therefore as provided in Articles 11 and 12 if the Contractor believes that such performance will involve additional expense to the Contractor or requires additional time and the parties are unable to agree as to the amount or extent thereof.

17.2 If any part of the Work depends for proper execution or results upon the work of any other contractor, the Contractor shall inspect and promptly report in writing to the Director's Representative any defects in such work. The Contractor's failure to inspect and report shall constitute an acceptance of the other contractor's work as fit and proper for the reception of the Contractor's Work.

17.3 The Director's Representative shall issue appropriate directions and take such other measures to coordinate and progress the Work as may be reserved to ORDA in the Contract, and which an ordinarily reasonable project owner in similar circumstances would be expected to take.

- 17.4 The award of more than one contract for the Project requires sequential or otherwise interrelated contractor operations, and will involve inherent delays in the progress of any individual contractor's work. Accordingly, ORDA does not guarantee the unimpeded operations of any contractor. The Contractor acknowledges these conditions, and understands that the Contractor shall bear the risk of all delays caused by the presence or operations of other contractors engaged by ORDA and delays attendant upon any ORDA-approved construction schedule.

- 17.7 Should the Contractor sustain any damage through any act or omission of any other contractor having a contract with ORDA for the performance of work upon the Site which may be necessary to be performed for the proper prosecution of the Work to be performed hereunder, or through any act or omission of a subcontractor of such contractor, the Contractor shall have no claim against ORDA for such damage, but shall have a right to recover such damage from the other contractor under the provision similar to the following provision which has been or will be inserted in the contract with such other contractors.
- 17.8 Should any other contractor having or who shall hereafter have a contract with ORDA for the performance of work upon the Site sustain any damage through any act or omission of the Contractor hereunder or through any act or omission of any subcontractor of the Contractor, the Contractor agrees to reimburse such other contractor for all such damages and to indemnify and hold ORDA harmless from all such claims.

The Contractor also agrees that delay from any other cause shall be compensated for solely by an extension of time to complete the performance of the Work.
- 17A.2.1 The failure of ORDA to take reasonable measures to coordinate and progress the Work unless coordination is assigned to the Contractor or another contractor to whom a contract was awarded which affects the Work of this Contract
- 17A.2.2 Extended delays attributable to ORDA in the review or issuance of Change Orders or Work Change Directives, in shop drawing reviews and approvals or as a result of the cumulative impact of multiple orders on contract, which constitute a qualitative change to the Work and which have a verifiable impact on Project costs.

The Contracting Officer shall acknowledge receipt of the Contractor's notice, in writing, within five (5) days. The Contractor agrees that ORDA shall have no liability for any damages which accrue more than fifteen (15) days prior to the delivery or mailing of the required notice. The notice shall at a minimum provide a description of any

operations that were, are being, or will be delayed, the date(s) and reasons for the delay, and, to the extent known, the information required by Paragraph 17A.6 of these General Conditions. Failure by the Contractor to provide the required written notice to the Contracting Officer, or to maintain and furnish records of the costs of such claims to the Contracting Officer, shall constitute a waiver of the claim.

17A.5 The provisions of this Article apply only to claims for extra or additional costs attributable to delay and do not preclude determinations by the Director allowing reimbursement for additional costs for extra work pursuant to Article 10 of these General Conditions.

17A.6 REQUIRED CONTENT OF CLAIM SUBMISSION.

- a. That supporting data is accurate and complete to the Contractor's best knowledge and belief; and
- b. That the amount of the claim and the claim itself accurately reflects what the Contractor in good faith believes to be ORDA's liability.

17A.7.2 If the Contractor is an individual, the certification shall be executed by that individual. 18.4 The obligation of the Contractor to indemnify the Indemnified Parties (1) shall not be limited in any manner by any limitation of the amount of insurance coverage or benefits, including workers' compensation or other employee benefit acts, provided by the Contractor, and (2) shall not be deemed limited or discharged by the enumeration or procurement of any insurance for liability for damages imposed by law upon the Indemnified Parties.

DOCUMENT 00 73 05

SUPPLEMENTARY CONDITIONS - LIQUIDATED DAMAGES

This supplement modifies the General Conditions. Where any part of the General Conditions is modified by this supplement, the unaltered provisions of that part shall remain in effect.

ARTICLE 2 - DEFINITIONS

Delete Section 2.13 in its entirety and replace with the following:

2.13 The term “liquidated damages” means the amount of money to be assessed against the Contractor for delay in completion of the Work.

ARTICLE 13 - TIME OF COMPLETION AND TERMINATION FOR CAUSE

Delete Section 13.3 in its entirety and replace with the following:

13.3 Liquidated Damages:

13.3.1 At the sole discretion of the Owner, liquidated damages will be assessed, if at all, on a Job Order-by-Job-Order basis. Should the Contractor fail to substantially complete the Detailed Scope of Work within the Job Order Completion Time, or as described in a subsequent Order(s) on Contract, the Director may assess Liquidated Damages for such failure in the amount of \$1,000.00 per day until such time as the Director determines that the Work is substantially complete as defined in Section 2.25 herein.

13.3.2 Should Contractor fail to achieve physical completion of the Detailed Scope of Work within the Job Order Completion Time, the Director may assess Liquidated Damages for such failure in the amount \$1,000.00 per day until such time as the Director determines that the Work is physically complete as defined in Section 2.15 herein.

13.3.3 Liquidated Damages will be assessed not as a penalty, but as liquidated damages, provided, however, that due account shall be taken of any adjustment of the Job Order Completion Time as provided for in the Job Order. Notwithstanding the provisions of General Conditions Article 21, the Contractor agrees that the Director may withhold the sum of the Liquidated Damages from payments to be made to the Contractor. Permitting the Contractor to continue and finish the work or any part of it after the time fixed for its completion or after the date to which the time for completion may have been extended, will in no way constitute a waiver on the part of ORDA of any of its rights under the Contract. The Contractor is responsible and liable for said liquidated damages even in the event that the Contractor abandons the performance of the contract or the Contractor's employment is terminated pursuant to the provisions of the Contract.

Add a new Section 25.17 as follows:

25.17 Encouraging New York State Businesses

New York State businesses have a substantial presence in State contracts and strongly contribute to the economies of the state and the nation. In recognition of their economic activity and leadership in doing business in New York State, bidders/proposers for this contract are strongly encouraged and expected to consider New York State businesses in the fulfillment of the requirements of the contract. Such partnering may be as subcontractors, suppliers, protégés or other supporting roles.

Bidders need to be aware that all government entities benefiting from this contract will be strongly encouraged, to the maximum extent practical and consistent with legal requirements, to use responsible and responsive New York State businesses in purchasing commodities that are of equal quality and functionality and in utilizing services and technology. Furthermore, bidders are reminded that they must continue to utilize small, minority and women-owned businesses, consistent with current State law.

Utilizing New York State businesses in State contracts will help create more private sector jobs, rebuild New York’s infrastructure, and maximize economic activity to the mutual benefit of the contractor and its New York State business partners. New York State businesses will promote the contractor’s optimal performance under the contract, thereby fully benefiting the public sector programs that are supported by associated procurements.

Public procurements can drive and improve the State’s economic engine through promotion of the use of New York businesses by its contractors. The State therefore expects bidders to provide maximum assistance to New York businesses in their use of the contract. The potential participation by all kinds of New York businesses will deliver great value to the State and its taxpayers.

PART ONE: JOC INSTRUCTIONS TO BIDDERS

1. CONTRACT OVERVIEW:

- 1.1. A Job Order Contract is an indefinite quantity construction contract pursuant to which the Contractor may perform an ongoing series of individual Projects at different locations and facilities under the jurisdiction of the Owner. Job Order Contracting is typically used for small to medium sized repair and rehabilitation work, replacement in kind projects, and minor new construction.
- 1.2. The Contract Documents include a Construction Task Catalog[®] containing Prepriced Tasks for construction work with preset Unit Prices. All Unit Prices are based on local labor, material and equipment costs and are for the direct cost of construction.
- 1.3. Bidders will bid two sets of Adjustment Factors to be applied to the Unit Prices. The first set of Adjustment Factors is for Projects estimated to be equal to or less than \$10,000 while the second set of Adjustment Factors is for Projects estimated to be greater than \$10,000. Each set of Adjustment Factors includes one Adjustment Factor for performing work during Normal Working Hours and a second Adjustment Factor for performing work during Other Than Normal Working Hours. The same four Adjustment Factors apply to every Pre-priced Task in the Construction Task Catalog[®].
- 1.4. A Contract will be awarded in accordance with the Request for Bid (RFB) issued by ORDA.
- 1.5. As Projects are assigned after the award of a Contract, the Contractor will attend a Joint Scope Meeting with the Owner to review and discuss the proposed work. The Owner will prepare a Detailed Scope of Work and issue a Request for Job Order Proposal to the Contractor. The Contractor will then prepare a Job Order Proposal including a Price Proposal, construction schedule, list of proposed subcontractors, and other requested documentation.
- 1.6. The value of the Price Proposal shall be determined by summing the total of the following calculation for each Prepriced Task: Unit Price x quantity x Adjustment Factor, plus the value of all Non-Prepriced Tasks. The Job Order Price shall equal the value of the approved Price Proposal.
- 1.7. If the Job Order Proposal is found to be complete and accurate, the Owner may issue a Job Order to the Contractor.
- 1.8. A Job Order will reference the Detailed Scope of Work and set forth the Job Order Completion Time and the Job Order Price. The Contractor will be paid the Job Order Price for completing the Detailed Scope of Work within the Job Order Completion Time.
- 1.9. Extra work, credits, and deletions will be contained in a Supplemental Job Order.

2. CONTRACT TERM:

- 2.1. The Base Term of the Contract is one year. There are two bilateral Option Terms. Both parties must agree to extend the Contract for an Option Term. The duration of each Option Term is one year.

- 2.2. The Owner and the Contractor may agree to extend the term of an Option Term.
- 2.3. All Job Orders issued during any term of this Contract shall be valid and in effect notwithstanding that the Detailed Scope of Work may be performed, payments may be made, and the guarantee period may continue, after such period has expired. All terms and conditions of the Contract apply to each Job Order.

3. CONTRACT VALUE

- 3.1. The Estimated Annual Value for this Contract is \$4,000,000. The Contractor may be issued Job Orders up to or exceeding the Estimated Annual Value. The Contractor is not guaranteed to receive the Estimated Annual Value. It is merely an estimate.

4. GEOGRAPHIC AREA OF WORK

- 4.1. The Contractor will perform work primarily in **Region 1: Warren and Essex Counties**. However, if a Contractor assigned to a different region is unable or unwilling to perform work, the Owner may request the Contractor to perform work in such different region. If the Contractor performs work for such different region, it shall be at the Contractor's competitively bid Adjustment Factors, then in effect. The Contractor may decline work outside its designated region.

5. ADJUSTMENT FACTORS

- 5.1. There are four Adjustment Factors for this Contract. When preparing a Price Proposal, the Contractor shall select the appropriate Adjustment Factor.
- 5.2. The Adjustment Factors are as follows:
 - 5.2.1. **For Projects Equal to or Less than \$10,000, Normal Working Hours Adjustment Factor:** Monday through Friday 7:00 am to 5:00 pm except ORDA holidays.
 - 5.2.2. **For Projects Equal to or Less than \$10,000, Other Than Normal Working Hours Adjustment Factor:** Monday through Friday 5:01 pm to 6:59 am and all-day Saturday, Sunday and ORDA holidays.
 - 5.2.3. **For Projects Greater than \$10,000, Normal Working Hours Adjustment Factor:** Monday through Friday 7:00 am to 5:00 pm except ORDA holidays.
 - 5.2.4. **For Projects Greater than \$10,000, Other Than Normal Working Hours Adjustment Factor:** Monday through Friday 5:01 pm to 6:59 am and all-day Saturday, Sunday and ORDA holidays.
- 5.3. *The Other Than Normal Working Hours Adjustment Factor must be equal to or greater than the corresponding Normal Working Hours Adjustment Factor.*
- 5.4. For bid evaluation purposes only, the following work distributions shall be used to determine the Award Criteria Figure:

Adjustment Factor	% Weight (For Bid Evaluation Only)
For Projects Equal to or Less than \$10,000, Normal Working Hours	20%
For Projects Equal to or Less than \$10,000, Other than Normal Working Hours	10%
For Projects Greater than \$10,000, Normal Working Hours	40%
For Projects Greater than \$10,000, Other than Normal Working Hours	30%

- 5.5. All Unit Prices listed in the Construction Task Catalog[®] are priced at a net value of 1.0000. The Adjustment Factors shall be an increase or decrease to all the Unit Prices listed in the Construction Task Catalog[®]. For example, 1.1000 would be a 10% increase to the Unit Prices and 0.9500 would be a 5% decrease to the Unit Prices. Bidders who submit separate Adjustment Factors for separate Unit Prices will be considered non-responsive and their bid will be rejected.

6. JOC SYSTEM LICENSE FEE

- 6.1. The Owner selected The Gordian Group's (Gordian) Job Order Contracting (JOC) Solution for their JOC program. The Gordian JOC Solution[™] includes Gordian's proprietary JOC Software and JOC Applications, construction cost data, and Construction Task Catalog[®] which shall be used by the Contractor solely for the purpose of fulfilling its obligations under this Contract, including the preparation and submission of Job Order Proposals, Price Proposals, subcontractor lists, and other requirements specified by the Owner. **The Contractor shall be required to execute Gordian's JOC System License and Fee Agreement and pay a 1% JOC System License Fee to obtain access to the Gordian JOC Solution[™].** The JOC System License Fee applies to all Job Orders issued to the Contractor under the terms this Contract. The Contractor shall include the JOC System License Fee in the Adjustment Factors.

 - 2.3.12. Due Date for Detailed Scope of Work and for Price Proposal

3. FINALIZING THE DETAILED SCOPE OF WORK

- 3.1. After the Joint Scope Meeting, the Owner will prepare a draft Detailed Scope of Work which will reference any drawings, specifications, sketches, photographs and other documents required to accurately describe the work to be performed. The Contractor shall review the Detailed Scope of Work and request any required changes or modifications. When an acceptable Detailed Scope of Work has been prepared, the

Owner will issue a Request for Job Order Proposal that will require the Contractor to prepare a Job Order Proposal. The Detailed Scope of Work, unless modified by both the Contractor and the Owner, will be the basis on which the Contractor will develop its Job Order Proposal and the Owner will evaluate the same.

- 3.2. The Owner may, at its option, include quantities in the Detailed Scope of Work if it helps to define the Detailed Scope of Work, if the actual quantities required are not known or cannot be determined at the time the Detailed Scope of Work is prepared, if the Contractor and the Owner cannot agree on the quantities required, or for any other reason as determined by the Owner. In all such cases, the Owner shall issue a Supplemental Job Order adjusting the quantities appearing in the Detailed Scope of Work to the actual quantities.
- 3.3. If the Contractor requires additional information to clarify the Detailed Scope of Work before preparing the Job Order Proposal, the Contractor will make such request quickly so that the Job Order Proposal can be submitted on time.

4. PREPARING THE JOB ORDER PROPOSAL

- 4.1. The Contractor will prepare a Job Order Proposal including:
 - 4.1.1. Price Proposal;
 - 4.1.2. Support Documentation for Non-Prepriced Tasks;
 - 4.1.3. Construction Schedule;

 - 4.2.2. **Non-Prepriced Task:**
The final price submitted for Non-Prepriced Tasks shall be according to the following formula:
 - A = The hourly rate for each trade classification not in the Construction Task Catalog® multiplied by the quantity
 - B = Lowest of three independent quotes for all materials
 - C = The hourly, weekly, or monthly rate for each piece of equipment not

Olympic Regional Development Authority

in the Construction Task Catalog® multiplied by the quantity

D = Lowest of three subcontractor quotes

E = Allowable Overhead and Profit = (A + B + C) x 15%

F = Subcontractor Allowance = D x 10%

Total Cost of Non-Prepriced Task = A + B + C + D + E + F

- 4.2.3. After the cost for a Non-Prepriced Task has been approved, the Owner may determine that such cost shall be fixed for all future Price Proposals and will not require subcontractor quotes for price determination. The Owner reserves the right to request the Contractor provide current quotes for any Non-Prepriced Task approved previously.
- 4.2.4. The value of the Price Proposal shall be calculated by summing the total of the calculations for each Prepriced Tasks (Unit Price x quantity x Adjustment Factor) plus the value of all Non-Prepriced Tasks.
- 4.3. Whenever, because of trade jurisdiction rules or small quantities, the cost of a Prepriced Task is less than the actual cost of the labor and material to perform such Prepriced Task, the Owner may permit the Contractor to be paid for such Prepriced Task as a Non-Prepriced Task or use Prepriced Tasks for labor and the material component pricing of the Prepriced Task to cover the actual costs incurred. Provided, however, that there is no other work for that trade on the Project or the other work for that trade cannot be scheduled at the same time and the actual cost does not exceed \$1,000.
- 4.4. To compensate the Contractor for the JOC System License on reimbursable work, the adjustment applied to reimbursable tasks shall be equal to 1.0101.
- 4.5. The Contractor shall provide incidental engineering and architectural services required in connection with a particular Job Order including drawings and information required for filing. Incidental engineering and architectural services do not include stamped drawings, or assignments which consist of more than 4 hours of a professional's time.
- 4.6.
- 4.7. The Contractor's Job Order Proposal shall be submitted by the date set forth in the Request for Job Order Proposal.
- 4.8. The amount of time allowed for the Contractor to prepare the Job Order Proposal will depend on the complexity of the Detailed Scope of Work and on the date by which the Owner requires the Detailed Scope of Work to be completed. Generally, the Contractor will be allowed between seven and fourteen days to prepare the Job Order Proposal. For complex Projects or Projects requiring engineering and architectural services to be completed before a Job Order Proposal can be prepared, the amount of time allowed will be increased.
- 4.9. If the Contractor requires clarifications or additional information regarding the Detailed Scope of work in order to prepare the Job Order Proposal, the request must be submitted so that the submittal of the Job Order Proposal is not delayed.
- 4.10. In emergency situations and minor maintenance and repair Job Orders requiring an

immediate response, the Job Order Proposal may be required in less than seven days, or, as described below, the Contractor may be directed to begin work immediately with the Job Order Proposal to follow. A purchase order is required prior to performance of any service.

- 4.11. In the event an immediate response is necessary, the Contractor shall be required to follow alternative procedures as established by the Owner. The Contractor shall begin work as directed notwithstanding the absence of a fully developed Detailed Scope of Work, Request for Job Order Proposal, or Job Order. The Contractor shall be compensated for such work as if the work had been ordered under the standard procedures to develop a Job Order.
